Date: 05/01/2026

To Whomsoever It May Concern

This is to certify that Mr. Pavankumar Mahindrakar, MCA student batch 2024-2026 MIT Vishwaprayag University Solapur, worked with AppRely Technology as an Intern on a client research project for the Howard Hughes Medical Institute (HHMI), Chevy Chase, Maryland, USA during the period June 2025 to December 2025.

His work involved using the Animal Part Tracker (APT), a MATLAB-based annotation tool, to annotate 35 anatomical keypoints of Fruit Fly images, which are used in biological motion analysis, computer vision, and machine learning research.

His key responsibilities included:

- Annotating fruit fly anatomical landmarks using the APT tool
- Ensuring precision and consistency in annotations
- Maintaining annotation quality as per project guidelines
- Completing assigned annotation tasks within defined timelines

During this internship, Mr. Pavan Mahindrakar received an honorarium of Rs. 10,000/- per month for his contribution to the project.

Mr. Pavan Mahindrakar demonstrated good technical skills, strong attention to detail, and dedication toward his work responsibilities. His contribution was valuable to the successful completion of the project.

We appreciate his sincere efforts and wish him success in his future academic and professional career.
